

You're Gonna Be My Ruin

[Greenleaf](#)

You're gonna be my ruin, I know what you been doing
As the needle breaks and tears a hole
And the rush of blood fullfills my soul and I know
You're gonna be my.....Oh I better take my time
(oh so you are)
With all things unwind
(yes so you are)A projection slowly emerges, I'm haunted by it's purpose
It burns my bones beneath my skin
With a heavy head I can hear you sing and I know
You're gonna be my...
...Oh I better take my time
(oh so you are)
With all things unwindAnd as the needle breaks and tears a hole
And the rush of blood fullfills my soul and I know
You're gonna be my ruin
You're gonna be my ruin
(oh so you are)
I know what you been doing
(oh so you are)
And as the needle breaks and tears a hole
And the rush of blood fullfills my soul and I know
You're gonna be my ruin
