Try

Ernie Halter

I?ve been tryin to reach out, every chance I get
Livin? this relationship, over the phone
I?ve been feelin strung out, down this lonely road
Find me an airplane, or a midnight train, take me homeTravelin through the night, to bring you love
Said nothins, gonna, keep me gone(Chorus)
I?m gonna try (try) I?m gonna try (try)
Try and make up the time, babe
For all of these lonely nights
That I wasn?t by your side
I?m gonna try (try) For the night
Baby, it?s all about you
I?m gonna make love to you
Won?t stop telling you, ?forget what we?ve been through?
I?m gonna try (try) Gonna try (try) Gonna try (try) Gonna try?..Thousands of miles, these lonely motels
Cocaine and cigarettes, quite a few regrets, this is hell
I?m gonna face your face in my hands
You know it?s not the same (oooh)
When it?s in a flame (oooh) to be real now any dayI would walk through fire, I would run through glass
And nothins, gonna, keep me gone(Chorus)
I?m gonna try (try) I?m gonna try (try)
Try and make up the time, babe
For all of these lonely nights
That I wasn?t by your side
I?m gonna try (try) For the night
Baby, it?s all about you
I?m gonna make love to you
Won?t stop telling you, ?forget what we?ve been through?
I?m gonna try (try) Gonna try (try) Gonna try (try) Gonna try?..Baby I?m finally movin on
Baby turn the lights down low
Baby get ready, ready, ready?..oooohhh
'cause I?m gonna try
Try and make up the time
For all of these lonely nights
That I wasn?t by your side, come on babe
I?m gonna try (try) For the night
Baby, it?s all about you
I?m gonna make love to you
Won?t stop telling you, ?forget what we?ve been through?

I?m gonna try (try) Gonna try (try) Gonna try (try) Gonna try??.I?m gonna try?..
