So Cold

Catch 22

Come on in and take a load off
Pull yourself up a chair, so we can have a talk
Has it really been that long? And how'd we get so old?
What's the problem man? You seem a little coldLet's take a walk, I don't care where we end up
We'll have a rap about nothing and never shut up
And I can rhyme up with up when I damn well please
And it's no bother, I'll end this verse with easeI can't believe you're still mad about that
I can't believe you're still living in the past
I can't believe you haven't figured out yet, figured out thatLife's obnoxious
This I know
When did you get so serious?
How'd you get so cold?Life's obnoxious
This I know
When did you get so serious?
How'd you get so cold?
How'd you get so cold?Come on in and take a load off
Pour yourself up a drink and we can have a talk
Has it really been that long? And how'd we get so old?
What's the problem man, you seem a little coldI can't believe you're still mad about that
I can't believe you're still living in the past
I can't believe you haven't figured out yet, figured out thatLife's obnoxious
This I know
When did you get so serious?
How'd you get so cold?Life's obnoxious
This I know
When did you get so serious?
How'd you get so cold?
How did you get soI miss you more than you'll ever, ever let you know
I miss your face like all the dates that I just can't replaceI can't believe you're still mad about that
I can't believe you're still living in the past
I can't believe you haven't figured out, figured out thatLife's obnoxious
This I know
When did you get so serious?
How'd you get so cold?Life's obnoxious
This I know
When did you get so serious?
How'd you get so cold?
How'd you get so cold?
