You Can Burn

Donell Jones

Baby what you want, things ain't the same no more
I done closed the door cause I don't want you
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
You can pack your stuff cause you know I caught you
But you won't leave with much I'm gonna keep what I bought you
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
Boy I'm finished gotta end this I'm in control
Ain't no comin' back baby there goes the door
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
Man it feels so good to see that you're lonely
Cause I was faithful baby you were the only
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
You done caught the vapors baby nothing can save ya
Acting like you did nothing wrong here's your walking papers
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
Boy I'm finished gotta end this I'm in control

Ain't no comin' back baby there goes the door
Had your turn

Lesson learned
Left me hurt
Now it's your turn
You can burn
You burning up you burning up you burning up
You played the game and you lost
You burning up you burning up you burning up
Left me cold so I won't cool you off
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
You can't have this love
Because you didn't know how to treat it right
Need a guy that I can trust
Keep it moving cause it's over
Said I'm giving up
Don't need a little boy need a man in my life
This is a new beginning but for you this is where it ends
Boy I'm finished gotta end this I'm in control
Ain't no comin' back baby there goes the door
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
Boy I'm finished gotta end this I'm in control
Ain't no comin' back baby there goes the door
Had your turn
Lesson learned
Left me hurt
Now it's your turn
You can burn
