

# A Duel Will Settle This

## Mates of State

Turn it up  
Give me one time  
I didn't think twice  
It's fair that you know  
It's alright that I doubt I'd rather not say  
I'm so duly impressed  
I'd rather not say Turn it up  
Decisions for the whole  
A reading and response  
Parables that act out  
I'm so duly impressed  
Those books are thrown out  
I doubt it I'd rather not say  
We're heading for digress  
I'd rather not say It's not because of luck  
And if you say it again it adds to luck  
Getting me to suggest this  
I'll take it on the wrist  
Gathering and existing Bury your words  
They're better unsaid  
It's nice that you'll wait  
I'm so duly impressed  
So soft that you don't It's not because of luck  
And if you say it again it adds to luck  
Getting me to suggest this  
I'll take it on the wrist  
Gathering and existing You make the difference who comes out alive  
You like to turn it around Could I bet on it?  
Who do you know that's better than that?  
I'd like to take a look around so butt out, butt out Could I bet on it?  
I'll try it like this and wait it all out  
I'd like to try my own true hand so butt out, butt out You make the difference who comes out alive  
You like to turn it around Could I bet on it?  
Who do you know that's better than that?  
I'd like to take a look around so butt out, butt out Could I bet on it?  
I'll try it like this and wait it all out  
I'd like to try my own true hand so butt out, butt out
