

# Stars

## Skillet

You spoke a word and life began  
Told oceans where to start and where to end  
You set in motion Time and Space  
But still you come, and you call to me by name  
But still you come, and you call to me by name  
If you can hold  
the stars in place,  
You can hold my heart the same  
Whenever I fall away  
Whenever I start to break  
So here I am, lifting up my heart  
To The One who holds the stars  
The deepest depths, the darkest nights  
Can't separate, can't keep me from your sight  
I get so lost, forget my way  
But still you love, and you don't forget my name
