

Love Train

Big & Rich

I see people gettin' mad on CNN
Who's right? Democrats or Republicans
I don't care, who's right or wrong
I know a way, we can all get along
Let's take a ride
Let's take a ride on the love train
Unwind, we'll be chuga luggin' all the way
Let's roll, like a stone playin' all day, hey
Let's take a ride
Let's take a ride on the love train, yea yea yea
The whole color thing's never made sense to me
Who gives a hoot, if you're red, yellow, purple or pink?
We're all mixed up anyway
We might as well give each other a brake
And take a ride
Let's take a ride on the love train
Unwind, we'll be chuga luggin' all the way
Let's roll, like the stone playin' all day, hey
Let's take a ride
Let's take a ride on the love train, yea yea yea yea
So let's forget about the hatin'
And the way the bulls are playin'
Without Jordan on the team
And the high price of gasoline
And if your livin' in a bubble
Then I guess you got no troubles
But if your anything like me
Well then I bet you really need
To take a ride
Let's take a ride on the love train
Unwind, we'll be chuga luggin' all the way
Let's roll, like the stone playin' all day, hey
Let's take a ride
Let's take a ride on the love train
Let's take a ride on the love train
Let's take a ride on the love train, yea yea yea
