

# Boyfriend/Girlfriend

## C-Side

[Hook:]

Lately, I been thinkin' 'bout you goin' crazy,  
Can't go on without you in my life, it's true (true)

What'chu wanna do (do)

You can be my boyfriend

And I can be be your girlfriend

[Verse 1: Bo Q]

Hey there cutie pie! Ha, what's the deal?

Had to let you know how I feel

Had a bunch of girls, but I'm'a keep it real

Them otha' chickenheads couldn't fit the bill

But you, it's somethin' about ya, babe

What it is, I don't know

Maybe 'cause ya body just right

With a sexy smile

And you know how to get that dough

Plus the heart for red just like Bo ("Q")

Feel me up, when I'm feelin' low

When I'm home or on the road, no questions asked

You know it's on as soon as I hit the door (Fa Sho!)

And I need that on my team

Baby, you was made for me

Had somethin' on my mind

But forgot what it was, and that's because...

[Hook:]

Lately, I been thinkin' 'bout you goin' crazy,  
Can't go on without you in my life, it's true (true)

What'chu wanna do (do)

You can be my boyfriend

And I can be be your girlfriend

[Verse 2: Gator]

Ooh-wee! Look at that there

Call me Sunny, I need my share

Love a (Spring?) redbone, with long hair

Got her act together like a broad with (flair?)

You the only one for me, I'm the only one for you

Ain't nobody gon' take yo place

Take a look at my MySpace page

She the numba' position on my Top 8

Let's go somewhere and chill

Baby girl got sex appeal

I'm'a show you how I feel

Never met a woman so real

And that's fo' sho'

I take ya to the mall on a shoppin' spree

Spendin' that dough

It ain't tricky if you got it

And I got that cheese..

[Hook:]

Lately, I been thinkin' 'bout you goin' crazy,

Can't go on without you in my life, it's true (true)

What'chu wanna do (do)

You can be my boyfriend

And I can be be your girlfriend

[Bridge 1:]

See I want us, to be in this relationship

Are you ready, baby? Let's go steady, baby

I want you, and if you want me, too

You should be my boyfriend and I can be your girlfriend

[Verse 3: Kenny Kold]

Shawty, I can't waste my time

You know you been on my mind

In the mornin', when I sleep at night

When I work you there and it ain't no lie

At first I ain't wanna sweat ya

Now it feel like I'm under pressure

We was cool ass friends

Now what's the deal is

I don't know but I gots to get ya

[Hook:]

Lately, I been thinkin' 'bout you goin' crazy,

Can't go on without you in my life, it's true (true)

What'chu wanna do (do)

You can be my boyfriend

And I can be be your girlfriend

[Bridge 2:]

See I can foot the ball

You know I keep it real

And when you come up off the road

You got somewhere to chill

Make me ya lady

You'll be my man

It's obvious that I should be ya girlfriend

[Hook:]

Lately, I been thinkin' 'bout you goin' crazy,  
Can't go on without you in my life, it's true (true)  
What'chu wanna do (do)  
You can be my boyfriend  
And I can be be your girlfriend
