

# Creature of the Night

## Petey Plastic

Once upon a time  
a few minutes ago  
I was in a bathroom stall  
Just railing some blow  
Got a bit high  
then some girl dropped it low  
then I gave her what she wanted  
morning afterglow  
I took em to my place  
We Left without a trace  
We Smoked a few blunts  
Got a rocket to space And then we did it all night  
I didn't have to to chase  
We had a bunch of fun then I busted on her face... face. face  
Creature of the night  
You should worry cuz I bite  
And Im praying on your bitch  
But only if shes tight  
And Ill fuck her real good  
From night to the light  
Ill be having so much fun  
While Im fucking up your life  
He cant believe  
She left with me  
But he doesn't yet know  
What she did on her knees  
And he doesn't yet know  
How loud she screamed  
And he doesn't yet know  
She was wetter than the sea  
Im living the life of a P.I.M.P  
And I really don't care if you disagree  
And I don't really care if you think I'm mean  
Cuz I fucked your girlfriend  
Then she sucked me clean  
Creature of the night  
You should worry cuz I bite  
And Im praying on your bitch  
But only if shes tight

And Ill fuck her real good  
From night to the light  
Ill be having so much fun  
While Im fucking up your life...
