Summer Nights

Lil Rob

I'm feeling good, feeling all right tonight
I'm feeling good now, Its all good in the neighborhood homes
Lil Rob
I feel good, I feel all right
Cruising through the neighborhood on a warm summer night
I feel good
That's right
I feel good now, summer nights[Chorus]
Summer days just sitting around but when the sun goes down
I'll be ready to party
(Par-ty)
Ain't nothing like them summer nights
Keep the top on drop while the girls looking hot,
Hit the volo and we just don't stop
Party until the morning light
(Par-ty)
Ain't nothing like them summer nightsI just kicked it at home, I polished up the chrome
Call the ruca on the phone, let her know I'm home alone, Its
Seven thirty and the sun is going down, Its a
Summer night and the fun is going down
I picked her up and she looks all dolled up (She looks good)
Sitting passenger in my rag impala (yeah)
I let her know she looks beautiful to me
The world is an ugly place but she's such a site to see
The kind of woman that would put up a fight for me
The kind that wants to spend summer nights with me
The temp was eighty and I'm cruising with my lady
Playing some Ralphie Pagan, "Oh Baby Baby"
I see my home boys and they're cruising in their rides (Hey was up homes)
With their ladies sitting by their side
People think we look crazy, but I think we look classy
But then again that's only if you ask meSummer days just sitting around but when the sun goes down
I'll be ready to party
(Par-ty)
Ain't nothing like them summer nights
Keep the top on drop while the girls looking hot,
Hit the volo and we just don't stop
Party until the morning light
(Par-ty)

Ain't nothing like them summer nightsMy homeboys throwing a back yard boogie,
So every body gets together to unwind, relax and have a fun time
The DJ is spinning so I grab the mic and be like
Ain't nothing like them summer nights
The party is packed with beautiful woman and
A gang of the homies that want to get with them
And they'll say anything just to hit em
And its usually a nice summer night when they did em
I don't know, it must be something in the air
Can't help but have a good time, because the feeling is there
To some people the feeling is rare
They're at the pad saying God dam I wish I was there
To have a drink, have a tok and hook up
With some one fine but the kind that looks up
Got to keep some pisto in the cup
Party until the sun comes up or we give upSummer days just sitting around but when the sun goes down
I'll be ready to party
(Par-ty)
Ain't nothing like them summer nights
Keep the top on drop while the girls looking hot,
Hit the volo and we just don't stop
Party until the morning light
(Par-ty)
Ain't nothing like them summer nightsThem summer nights can keep a smile on your face
Gotta try to have a good time with your life otherwise it's just a waste
Either way I'm gonna party just in case
Like prince partied like it was 99, in 87, 88
I couldn't ask for no better weather, I'm right next to the Pacific to be specific
The candy paint job glows under the moon light
As I close out my summer night and say good night
Its time to put the top up and park it, drop it
Unplug the ground, roll up the windows and lock it
Walk into the pad and fall into bed
As she lays on my chest to rest her sleepy head
And we do this all night long
From dust til dawn
But its not the quite the same when summer nights are gone
But even when they're gone, it won't be long
Eight more months and once again its onSummer days just sitting around but when the sun goes down
I'll be ready to party
(Par-ty)
Ain't nothing like them summer nights
Keep the top on drop while the girls looking hot,
Hit the volo and we just don't stop
Party until the morning light

(Par-ty)
Ain't nothing like them summer nights
