

The Scientist

Willie Nelson

Come up to meet you, tell you I'm sorry
You don't know how lovely you areI had to find you
 Tell you I need you
 Tell you I set you apartTell me your secrets
 And ask me your questions
 Oh, let's go back to the startRunning in circles
 Coming up tails
 Heads on a science apartNobody said it was easy
 It's such a shame for us to part
 Nobody said it was easy
No one ever said it would be this hardOh, take me back to the startI was just guessing
 At numbers and figures
 Pulling the puzzles apartQuestions of science
 Science and progress
 Don't speak as loud as my heartTell me you love me
 Come back and haunt me
 Oh, and I rush to the startRunning in circles
 Chasing tails
 Coming back as we areNobody said it was easy
 Oh, it's such a shame for us to part
 Nobody said it was easy
No one ever said it would be so hardI'm going back to the start
