

# It Will Be Alright

## Airplay

"I'm not in love with you..." you said to me

  "...You'll always be my friend

  but that's where my story ends..."

  So I think that no one can love me

  I swear to keep to myself and never need anyone else oh, no

and now you want to be loved by me againI know love can come and go, one day it's "yes" then one day "no"

  I know second chances don't fall from the sky

  "But I love you, stay with me tonight, and it will be alright"

  Indecision sure can drive you wild

  my heart's staring me in the face pain can never be erased

  it scares me into running like a child

  now I can hear your eyes - they say you have lied

  now I want to be loved by you againI know love can come and go, one day it's "yes" then one day "no"

  I know second chances don't fall from the sky

"But I love you, stay with me tonight, and it will be alright""Stay with me tonight... stay with me and it will be

  alright..."come and go, come and go

  first it's "yes" and then it's "no"

  Do you want me?

if you don't want me let me knowI know love can come and go, one day it's "yes" then one day "no"

  I know second chances don't fall from the sky

  "But I love you, stay with me tonight, and it will be alright"
