If You Knew My Mind

Grayson Capps

If you knew my mind i tell you what you'd do
You wouldn't treat me the way that you do
I wasted all my time traing to satisfy you
When you knew all along there was nothing i could do
I never wanted to take you to Alabma
And live in no trailer park
You quit loving me a long time ago, but we still got naked in the dark
We still got naked in the dark
I know you're tewnty-two and i ruined you life
But please pretty baby put down that kitchen Knife
The day is gonna come when you look at yourself
And when that day comes you'll be sad you ever left
I tried to love you though you hated my guts
Gave you everything
Nothing did ever made you happy
Darling i could say the same
Darling i could say the same
Now i'm all alone
Don't know what to do
I can't eat i can't sleep i feel like i got the flu
You jumped up from our bed to another man's side
Took our baby and you said goodbye
When i see Sadie i can finally breathe
You can't take her very far
Where ever she goes i'll be there for her
Although you kind of broken my heart
When i thought we'd never part
