

# Blue Mood

## Swing Out Sister

Blue moods taken hold of you  
Blue mood coming your way  
Blue mood will take control of you  
Blue mood blue's take you away  
    Take a look at yourself  
    Take a look at yourself  
    Think it over  
    It won't be long now  
Wait for that mellow feeling's gone  
    Think it over  
    Take it over  
    Think it over  
    It won't be long  
Blue mood's taken hold of you  
Blue mood coming your way  
Blue mood take control of you  
Blue mood blue's take you away  
    Take a look at yourself  
    Take a look at yourself  
    Won't be long now  
    Feeling strong now  
    Nothing but blue skies  
        Open your heart  
        Make a new start  
        Open your heart  
        Make a new start  
        Open up your heart  
        Think it over  
    It won't be long now  
Before that mellow feeling's gone  
    Think it over  
    Take it over  
    Think it over  
    Take it over  
    It won't be long  
    Think it over  
    It won't be long now  
Before that mellow feeling's gone  
    Think it over

Take it over  
Think it over  
Take it over  
It won't be long  
Won't be long now  
Feeling strong now  
Nothing but blue skies  
Open your heart  
Make a new start  
Open your heart  
Make a new start  
Open up your eyes  
Think it over  
It won't be long now  
Before that mellow feeling's gone  
Think it over  
Take it over  
Think it over  
Take it over  
It won't be long
