

# Are You Still In Vallda? (Legobeat Oceans Remix)

**jj**

I never thought about you this winter; I never thought 'bout you this spring  
But now when the summer is here I never thought I'd think about you again  
You smoke like a young Belmondo, you wear your flowers in your hair  
When you were always to late, I still waited for you in this sweet summer air  
So I wonder my love are you still  
in Vallda? Like 10 summers ago...  
I wonder my love are you still in Vallda? Like 10 summers ago...  
Someday I know we'll meet again but I said  
that every summer  
and every summer is the summer closer further away from you...
