Finish Line

Brooke Hogan

Hey Hey
oh oh
Hey
oh oh oh
Hey Hey HeyFly with me
I wont let, I wont let you down
Try me and I can say I wont let you down
Come with me away with me I'll never let you down
I'll never let you down no I wont let you downAnd I'm feeling you shining star
I know you hang sure I wont give up on ya
I'm not giving up no trust me just this one time
I'll be at the finish lineI'm running
To the finish line, finish line, finish line
I'm running
To the finish line, finish line, finish line
See you when you get thereTo little girls who follow me
I'll never let you down
To families who doubted me
I'll never let you down
Daddies to the mommies
I'll never let you down
I'll never let you down
I'll never let you downAnd I'm feeling you baby girl
I know you aint sure I wont give up on ya
I'm not giving up no put your hand in mine
I'll take you to the finish lineI'm running
To the finish line, finish line, finish line
I'm running
To the finish line, finish line
See you when you get there
I'm running
I'm running
I'm running
I'm running
oh
I'm running
I'm running
I'm running
I'm running

oh
I'm running
I'm running
I'm running
I'm running
oh
I'm running
I'm running
I'm running
I'm runningI'm running
To the finish line, finish line
I'm running
To the finish line, finish line
See you when you get there
