

# When She Was My Girl

## Four Tops

She used to be everything to me  
When she was my girl  
When she was my girl I held her near  
Told her how much I cared  
When she was my girl  
When she was my girl When she was my girl  
There was laughter and loving in my world  
Everyday, when she was my girl Oh, what joy she would bring  
Now I've lost everything  
She's gone, gone, gone, gone, gone I spend the night  
Dreaming how she used to be  
When she was my girl  
When she was my girl When she was my girl  
There was laughter and loving in my world  
Yes, it was 'cause she was my girl Oh, what joy she would bring  
Now I've lost everything  
She's gone, the big red girl has gone She used to be everything to me  
When she was my girl  
Yeah, my girl She, she, my girl  
She's so foxy can't you see  
And this girl belongs to me  
She's my girl When we walk down the street  
I would tell everyone we meet  
This is my girl  
She, she, my girl
