If You Want To

Lalah Hathaway

You came here to get it tonight
Drama, I'ma leave it behind
Ooh, you can be on my side
If you want toOoh it's a beautiful sight
Everybody wanna kick it tonight
Champagne bottle, better keep it on ice
If you want toThe work week is over
The girls are heading over
I'm taking the Rover
He said it's alrightI wonder does he
Ever truly see me
And all of my glory
In all my shineThey're ready to go this party
You know I'ma go the party
We're 'bout to get it started
What you gonna do, what you gotta do?Can't stop, ready to party
Looks close and ready to party
Lookin' good and ready to party
What you gotta do, what you wanna do?You came here to get it tonight
Drama, I'ma leave it behind
Ooh, you can be on my side
If you want toOoh it's a beautiful sight
Everybody wanna kick it tonight
Champagne bottle, better keep it on ice
If you want toFeeling lucky, party to party
Are you ready to party?
You said it's alright
Ooh, I feel the bass on my shoulderTo prove you're taking me over
Come on let me hold you, you said it's alright
Lookin' at everybody party
Check out all the sexy bodiesDancin', move to the party
'Cause that's how we do, 'cause that's how we do
Shakin' and feeling naughty
Movin' and groovin' honeyTill the sun rises in the morning
'Cause that's how we do, 'cause that's how we doYou came here to get it tonight
Drama, I'ma leave it behind
Ooh, you can be on my side
If you want toOoh it's a beautiful sight
Everybody wanna kick it tonight

Champagne bottle, better keep it on ice
If you want toYou came here to get it tonight
Drama, I'ma leave it behind
Ooh, you can be on my side
If you want toOoh it's a beautiful sight
Everybody wanna kick it tonight
Champagne bottle, better keep it on ice
If you want toYou came here to get it tonight
Drama, I'ma leave it behind
Ooh, you can be on my side
If you want toOoh it's a beautiful sight
Everybody wanna kick it tonight
Champagne bottle, better keep it on ice
If you want to
