

Dressed to Kill

Symphony X

Dark desires of the cynic queen
Laughter echoes her name
He feels his breath decay
Opens the past to an empty page
Watch his life drain away
Arrival, dressed to kill, scarlet memories
Watching and waiting for curtains to fall
Arrival, dressed to kill, it's a tragedy
Could you feel sympathy or pain?
In a desolate room, the canvas bleeds
He slides through his chair
Rendered prince of fools
Dire thoughts of her begotten son
Watch his life drain away
Watch his life fade away
Arrival, dressed to kill, scarlet memories
Watching and waiting for curtains to fall
Arrival, dressed to kill, it's a tragedy
Could you feel sympathy or pain?
Arrival, dressed to kill, scarlet memories
Watching and waiting for curtains to fall
Arrival, dressed to kill, it's a tragedy
Could you feel sympathy or pain?
