

Shrunken and Mummified Bitch

Pungent Stench

Bitch you will get fucked
And paid for that
A job and nothing more
But take care you fucking whore Shrunken, you would be very nice
Mummified, then I would pay your price Bitches is what he hates
Sluts is what he rapes
Ripper is his name
Killing is his sick game Shrunken, you will get
Mummified, you won't be upset Fear is what he spreads
Lunatic, he's collecting heads
Psycho, he's chopping sluts
Maniac, the tits he cuts The hands around your neck he strangles you down
Pulls out your eyes and cuts your tongue
He rips your chest and drills inside your cunt
He slices your fingers and minces your feet Shrunken, now you are, and groom
Mummified, you're not very far Butcher, he loves to shrink you
Slasher, and mummify you too
Bastard, doing an inhuman action
Madman, gives him pleasure and satisfaction Shrunken, and not very big
Mummified, that's fucking sick Flesh he loves to carve
Hunger doesn't want to starve
Collecting your hair and nails
Bitch your skin he sales
