Guilty (Remix)

Lime

(Denis LePage)The first time I had ya
It felt like I have never loved before
You broke my heart and you walked out the door
I told myself I'll never, never love no more
And then I tried to call you(Pre-Chorus)
You are so pretty
You catch me by surprise
You are a devil in disguiseDo ya really miss me?
Is it true, the things that people say?
You talked about me just the other day
You're comin' back
Baby, tell me, that you're gonna stay
It could be so easy(Repeat Pre-Chorus)We're all...(Chorus, Repeat 2x)
Guilty
We're all guilty
Guilty
We're all guilty
Guilty
We're all guilty of loveAnd if I've been wrong to ya
Let me try to mend your broken heart
I'll try to make it better from the start
I need to know you'll never, never be apart
Can't we make it true?(Repeat Pre-Chorus)We're all guilty
Guilty
Guilty
We're all guilty of loveGuilty
Guilty
Guilty
We're all guilty of love(Keyboard Solo)(Repeat 2nd Verse)(Repeat Pre-Chorus)We're all...(Repeat Chorus and Fade)
