

Hidden Hatred

Divine Empire

Feel the force around you--transcend into the void--mind leaves the body--no longer have control--your skin turns pale--your Eyes can't see, you feel so cold--you no longer breathe--my hands around your neck--your body feels so cold--i whip out my Knife--and slice your fucking throat--your skin turns pale--your eyes can't see, you feel so cold--you no longer breathe--i whip Out my cock--and jack off in your face--my blood begins to boil--as i call out your name--hidden hatred, deep inside.
