

Northern Lights

30 Seconds to Mars

Don't ever take a single second to breathe
They're gonna send me on a murdering spree
I cannot wait to dance upon your grave
They don't even have a soul left to be saved
You will eat your young We swam among the northern lights
And hid beyond the edge of night
Waiting for the dawn to come
And sang a song
To save us all I am alive, I'm just playing dead
I'm gonna say what should have never been said
The giants of the world are crashing down
The end is near, I hear the trumpets sound
You will eat your young We swam among the northern lights
And hid beyond the edge of night
And waited for the dawn to come
And sang a song
To save us all
