

Defend Avenge

Anthrax

Waking on a bed of nails
Dying wind through shredded sails
Can you hear me when I shout
And nobody knows what Iâ€™m talking about

What can I do?
Iâ€™m trying to figure it out
Right here right now
Teaching me how

Kill all the ends itâ€™s your cold black revenge
Mark my words
Defend avenge
Break till it bends itâ€™s a means to an end
Defend avenge
Youâ€™re all gonna get what you fuckinâ€™ deserve

Defend avenge

Your indifference abounds
Everywhere fence-sitting clowns
Harvesting the seeds of doubt
And nobody knows what Iâ€™m talking about

What can I do?
Iâ€™m trying to figure it out
Right here right now
Teaching me how

Kill all the ends itâ€™s your cold black revenge
Mark my words
Defend avenge
Break till it bends itâ€™s a means to an end
Defend avenge
Youâ€™re all gonna get what you fuckinâ€™ deserve

Defend avenge
