Hurts So Bad

Lydia Loveless

I haven't felt this way in so long
Why's it gotta be right now
Well I said I never meant to hurt
Nobody ever
You said I don't see what's wrong
With two people loving each other
Hurts so bad (x3)
Oh that was all I ever wanted
From you
I get an ache in the pit of my stomach
Must be something that you said to me
Cause I swore I'd go to bed
But I guess I must have it bad
Cause I got up and pushed every button
That your elevator had
Hurts so bad (x3)
Why does it matter
If you don't care at all
I just want to let you know
I won't be bothering you baby
I'll just smoke cigarettes and stare at the wall
Like it was a t.v.
Just like I did when I turned 17
That's how you make me feel baby
Hurts so bad (x6)
