

# Hot in the House of God

## My Ruin

With a heavy heart somebody said  
Let's go our separate ways  
Our relationship is strained  
In this the vital stage There is a lack of confidence  
And you can feel our stress  
A need for truth, time to decide  
What is and is not best Faith, subject to change, forgive, far too late  
Fate, end of your game, hot in the house of God I rage With a question left, I will confess  
Put my mind and past to rest Termination of our trust  
Friendships end and this one must  
The time has come to make our move  
And we can see what we can't prove The little things  
That make no sense  
Have all built up  
To be immense Faith, subject to change, forgive, far too late  
Fate, end of your game, hot in the house of God I rage  
Faith, subject to change, forgive, far too late  
Fate, end of your game, hot in the house of God Nothing's the same  
Everything's changed Faith, subject to change, forgive, far too late  
Fate, end of your game, hot in the house of God I rage  
Faith, subject to change, forgive, far too late  
Fate, end of your game, hot in the house of God Nothing's the same  
Nothing's the same For every minute you spend angry  
You waste 60 seconds of happiness
