

Other Desert Cities

Surfer Blood

milk and honey drip down
someday you'll be mine
buying time on a silver plate
yes someday I'm gonna find time
flannel, starburst, rodeo
You're always on my mind
so bring your appetite
and blow out the candles tonightha nectar so sweet
you'll land on your feetsilver house and window rooms
the desert ways will say, and by the flowing spring
i'll be taking my seat at the table
covered in oyster shells
in a voice I call my own,
please let me goa nectar so sweet
your heart skips a beat
