All In It

British Sea Power

We're all in it and
We're all in it and
We're all in it and
We close our eyes.We're all in it and
We're all in it and
We're all in it and
We close our eyes.We're all in it and
We're all in it and
We're all in it and
We close our eyes.We're all in it and
We're all in it and
We're all in it and
We close our eyes.We're all in it and
We're all in it and
We're all in it and
We close our eyes.
