

# Drive South

## Toro y Moi

I didn't say we wouldn't hurt anymore  
That's how you learn, you just get burned  
We don't have to feel like dirt anymore  
Though love's not earned, baby it's our turn  
We were always looking for true north  
With our heads in the clouds, just a little off course  
But I left that motor running  
Now if you're feeling down and out  
Come on, baby, drive south with the one you love  
Come on, baby, drive south with the one you love  
I'm not talkin' 'bout retreatin' little girl  
Gonna take our stand, in this Chevy van  
Windows open on the rest of the world  
Holdin' hands, all the way to Dixieland  
We've been tryin' to turn our lives around  
Since we were little kids, it's been wearin' us down  
Don't turn away now darlin' let's fire it up and wind it out  
Come on, baby, drive south with the one you love  
Come on, baby, drive south with the one you love  
Now I heard your mama callin', I think she was just stallin'  
Don't know who she was talkin' to, baby, me and you  
We could go down with a smile on, don't bother to pack your nylons  
Just keep those pretty legs showin', it gets hot down where we're goin'  
Better for you, baby  
We were always looking for true north  
With our heads in the clouds, just a little off course  
Oh, I left that motor running  
Now if you're feeling down and out  
Come on, baby, drive  
Come on, baby, drive south with the one you love  
Come on, baby, drive south with the one you love  
Come on, baby, drive, come on, baby, drive south  
Come on, baby, drive south with the one you love  
Come on, baby, drive south with the one you love
