

Robots & Aliens

Forever The Sickest Kids

Just like summer's after spring
You'll be there for me
Just like my favorite song
I'll put you on repeat
Just like the air I breathe
You are my everything
You are my everything
Oh, oh, here we go
I've never been loved like this before
Oh, oh, here we go, here we go
When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine
It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine
A beautiful mystery
You keep me guessing
You're just like gravity
You keep me on my feet
Just like my next heart beat
You'll be waiting for me
Yeah, yeah, yeah
Oh, oh, here we go
I've never been loved like this before
Oh, oh, here we go, here we go
When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine

It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine
When you come around, come around
I'll be waiting for you

I just wanna make you
I just wanna make you mine
It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine
When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine
It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine
When you come around, come around
I'll be waiting for you
I just wanna make you
I just wanna make you mine
It's alright, you can take
All the time that you like
I just wanna make you
I just wanna make you mine
I just wanna make you mine
I just wanna make you mine
I just wanna make you mine
I just wanna make you
