

Alone Without You

Mark Owen

I listened to your album and I watched your favorite film
Hey, hey, hey, I missed you today
I read those early letters that were filmed with early dreams
Some of them materialized, others never seen
We used to watch the world walkin' by
The truth is you're not here, here I am
I'm screwed up again
No matter what, which way I turn
How my feeling's slowly bleeding here for you
I'm spending time with hope and I don't know why it is
It's just the way it is
What am I to say? What am I to do?
What am I alone without you?
What am I to say? What am I to do?
What am I alone without you?
I made your favorite dinner and I wore the shirt you love
Hey, hey, hey, just in case you came
Friends still ask about you, when I say that you're just fine
And have you seen the world walking by
The truth is you're not here, here I am
I'm screwed up again
No matter what which way I turn
How my feelings slowly bleeding here for you
I'm spending time with hope, and I don't know why it is
It's just the way it is

What am I to say? What am I to do?
What am I alone without you?
What am I to say? What am I to do?
What am I alone without you?
The truth is you're not here and I'm screwed up again
And I don't know the reason why, I don't know why it is
And did I ever say, I just need your love
I want you back again, I want you back again
You said that this isn't yet our time
So give me time to get you back again
What am I to say? What am I to do?
What am I alone without you?
What am I to say? What am I to do?

What am I alone without you?
It's for you that I fall out of bed in the morning
Still checking the mail as I'm leaving
I sit in the car without driving
I want you back again
What am I to say? What am I to do?
What am I alone without you?
What am I to say? What am I to do?
What am I alone without you?
