

It's Better People

Oasis

It's better people, love one another
'Cause livin' your life can be tough
It's better people, speak to each other
Your shame is not enough If everybody came alive
And stayed alive
And lived their lives instead, yeah
So come outside
And feel the light
It's cold inside
But it's lonely in your bed, in your bed And you though we might be
But what you heard before
Was only sleepin' in your brain
But if you came with me
The days'd never end
Would never be the same
They'd never be the same
They'd never be the same
Never be the same It's better people, love one another
'Cause livin' your life can be tough
It's better people, speak to each other
Your shame is not enough If everybody came alive
And stayed alive
And lived their lives instead, yeah
So come outside
And feel the light
It's cold inside
And it's lonely in your bed, in your bed And you though we might be
But what you heard before
Is sleepin' in your brain
But if you came with me
The days'd never end
Would never be the same
They'd never be the same
This is goin by a different name
They'd never be the same
