Tunnel Vision

Lenny Kravitz

All I want is all you got
Make me happy baby, an' I'll make it hot
I don't need no doctor, to tell me what to do
'Cause I know I'm goin', straight ahead for you
I got that tunnel vision goin' through my head
I can't help myself all I see is red
Tunnel vision goin' through my head
Lay me down inside your flyin' bed
All that's yours an' all that's mine
We'll put together baby and we can combine
We don't need no lawyer let's not make this long
We just need a love thing that's beautiful and strong
I got that tunnel vision goin' through my head
I can't help myself, all I see is red
Tunnel vision goin' through my head
Lay me down inside your flyin' bed
Tunnel vision goin' through my head
I can't help myself, all I see is red
Tunnel vision goin' through my head
Lay me down inside your flyin' bed
Come an' get me
Yeah
Tunnel vision goin' through my head
I can't help myself, all I see is red
Tunnel vision goin' through my head
Lay me down inside your flyin' bed
Tunnel vision goin' through my head
I can't help myself, all I see is red
Tunnel vision goin' through my head
Lay me down inside your flyin' bed
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
I gonna make it
(Make it)
Make it
(Make it)
Make it

(Make it)
Make it
(Make it)
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
I gonna make it
(Make it)
Make it
(Make it)
Make it
(Make it)
Make it
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
Make it fonkin' na, aah ha
