

She Walks Away

The Icarus Account

She's got a red dress she wears all the time
I got my heart set on making her mine
'Cause I just can't live without her
Can't stop thinking about her
And even if I could
It wouldn't do me any good
'Cause I know she's got it all She walks away
I can tell by the way she moves
She don't play games
I can tell by the way she moves
I'm just another one just another one baby
I'm just another one just another one baby She's got a long list and I'm right at the top
Of things she don't need but I'll never stop
'Cause I just can't live without her
Can't stop thinking about her
And even if I could
It wouldn't do me any good
'Cause I know she's got it all She walks away
I can tell by the way she moves
She don't play games
I can tell by the way she moves
I'm just another one just another one baby
I'm just another one just another one baby Oh Baby give it a rest come on
It's so crazy it's for the best
Come on and give it a rest come on and give it a rest
Come on and give it give it give it baby give it a rest come on So call me crazy but I think I got it all figured out
There's one in a million chances that I'm the one she's thinking about
She's moving I'm losing time
So I'm making a move I'm making a pass taking it fast
Who woulda thought there was a chance that we were making it last
But I'm taking my chances I'm taking my chances She walks away
I can tell by the way she moves
She don't play games
I can tell by the way she moves
I'm just another one just another one baby
I'm just another one just another one baby
