

Tuckered Out

Clint Black

Tuckered Out

(Clint Black/Hayden Nichols)I've seen more than a Little Texas, and a Playboy always knows

A man does what he Wills as long as he stays on his toes

He can Russell up a fortune, any man could strike it Rich

But I'm doing good to keep it Strait and keep my wheels out of the ditch

Ain't no Foster for the Desert Rose, the babblin' Brooks are Dunn

That Crystal ball won't even book me one day in the SunI'm Haggard, worn and Waylon from the bottom of my

Restless Heart

Don't know Wy the Black cloud's tailin' me, there seems to be no Parton from

the dark

And I've had it to the Gills of knowin' what the Nitty Gritty's all about

Bein' McEntired and Loveless I can't Lovett if I'm all Tuckered outWell, I never meant to set out like a half-

cocked Gatlin gun

No highway Head Hunter's gonna let this Rabbitt run

I ain't Raven 'bout The Ride, I probably got no fate to Seal

If I can't roll through Alabama half Asleepin' At The Wheel

All my Paycheckes are like dried up Wells and way too small to Cash

Or I'd find a roadside motel, lay some money down to CrashI'm Haggard, worn and Waylon from the bottom of

my Restless Heart

Don't know Wy the Black cloud's tailin' me, there seems to be no Parton from

the dark

And I've had it to the Gills of knowin' what the Nitty Gritty's all about

Bein' McEntired and Loveless I can't Lovett if I'm all Tuckered out
