Sad Nos. 99

Balzac

Advisory - the following lyrics contain explicit language:

I don't care if I ?
(I've never changed!)
You're having hard times although they'll pass
(You never hide at all!)
You can cross over the mountain
(To get to the beautiful sea!)
It don't matter too, the world will end
In 1999I don't care! I don't care!
In 1999Many lives in darkness exist
(??????????)
????????????????
(Changed this gentle heart)
