

Saviour

Jacob Collier

Saviour Ha ha ha oh ya
Saviour You say that I'm lost and you can help me find
That I don't want to be a saviour no more
I wish you could tell me something to change my mind
But you don't want to be my saviour She wants to feel me
She wants to find a way to heal me
Don't bet she'll never find the real me ha ha oh ya She said she really wants to get to know me
And that she thinks that I could make her feel less lonely
She says she's got so much to show me ha ha oh ya I'll be on and I'll be done
Watching life go round and round
But I know no matter what you try to do
I know I'll never be the one for you
I know It doesn't matter what you're going through
I'm going to keep on singing You say that I'm lost and you can help me find
That I don't want to be a saviour no more
I wish you could tell me something to change my mind
But you don't want to be my saviour ba ba do wah ba ba do wah ba ba do wah
ba ba do wah ba ba do wah
I don't need you saving me She wants to touch me
Deep down below and up above me
I know she's never going to love me ha ha oh ya
I know she's always going to try and please me
That she could never find the strength to leave me
You'll never be the one to free me ha ha oh ya
I'll be on and I'll be done
Watching life go round and round But I know I'm not the person you've been searching for
I know So go and knock on someone else's door
I know 'Cause I don't want to listen anymore
I'm going to keep on singing You say that I'm lost and you can help me find
That I don't want to be a saviour no more
I wish you could tell me something to change my mind
But you don't want to be my saviour ba ba do wah ba ba do wah ba ba do wah
ba ba do wah ba ba do wah
I don't need you saving me
ba ba do wah ba ba do wah ba ba do wah
ba ba do wah ba ba do wah
I don't need you saving me I don't wanna be a leader
I just wanna be a friend
If I let your mind create me ha

The work will never end
I don't wanna be a preacher
I just wanna be a man
I won't let you exaltate me
Just to keep me as I am I don't wanna be a leader
(You don't wanna be my saviour)
I just wanna be a friend
(You don't wanna close that door)
If I let your mind create me ha
(I don't wanna be a leader)
The work will never end
(Will you tell me what we're searching for)
I don't wanna be a preacher
(You don't wanna be my saviour)
I just wanna be a man
(You don't wanna close that door)
I won't let you exaltate me
(I don't wanna be a leader)
Just to keep me as I am
(Just tell me what you're searching for)
I don't wanna be a leader
(You don't wanna be my saviour)
I just wanna be a friend
(You don't wanna close that door)
If I let your mind create me ha
(I don't wanna be a leader)
The work will never end
(Will you tell me what we're searching for)
I don't wanna be a preacher
(You don't wanna be my saviour)
I just wanna be a man
(You don't wanna close that door)
I won't let you exaltate me
(I don't wanna be a leader)
Just to keep me as I am
(Just tell me what you're searching for)
I don't wanna be a leader
(You don't wanna be my saviour)
I just wanna be a friend
(You don't wanna close that door)
If I let your mind create me ha
(I don't wanna be a leader)
The work will never end
(Will you tell me what we're searching for)
I don't wanna be a preacher

(You don't wanna be my saviour)
I just wanna be a man
(You don't wanna close that door)
I won't let you exaltate me
(I don't wanna be a leader)
Just to keep me as I am
(Just tell me what you're searching for)
