

I Am In Love With You (Live Louisville, KY)

Imogen Heap

I am in love with you
I am in love with you baby
I am in love with you yeah
Live for the moment Right now another please
Right now another please
Just like that ah
Like that, another one babe
And kiss me for longer Oh hey baby don't you run away
Oh hey baby don't you run away
Come here and finish what you started I am in love with you
I am in love with you baby
I am in love with you yeah
At least for the moment Split second and it's all in smoke yeah
Split second and it's all in smoke yeah
Split second and it's all in smoke yeah
So wet this fire dry No don't get yourself in situations
No don't get yourself in situations
Darling that you can't handle No I don't mind if you forget yourself
No I don't mind did you forget yourself darling? Come on into my bed with me
Come on into my bed with me
You know you want to
Come on into my bed with me
Come on into my bed with me
You know you want to I'm not in love with you
I'm not in love with you baby
I'm not in love with you yeah
Not anymore
Not anymore
Not anymore
Not anymore.
