Who's Stopping You?

Semisonic

Take all that you've got
Multiply by zero
Divide by the time you've got left
(That's X)Add it up
Write it down
Tell me what you've foundWe're speakin' in tongues
Both of us dumbfounded
Our brains have been impounded by our heartsLife is so uncertain
Look at all the hurtin' that we've done
You said you had somebody better to becomeWho's stopping you?
Who's stopping you?
Who's stopping you?
Who's stopping you?We're wastin' our time
(Wastin' our time)
Watchin' our old reruns
Hopin' for the good one that never comes
(Ooo ooo)You say it beats workin'
On the emptiness that's lurkin' inside your head
Step into the light my friendWho's stopping you?
Who's stopping you?
(Pa ram, pa ram, pa ram)
Who's stopping you?
Who's stopping you?
(Pa ram, pa ram, pa ram)
Who's stopping you?
Who's stopping you?
(Pa ram, pa ram, pa ram)
Who's stopping you?
Who's stopping you?
(Pa ram, pa ram, pa ram)
(Ooo ooo)I thought you had somebody better to becomeWho's stopping you?
Who's stopping you?
Who's stopping you?
Who's stopping you?
Who's stopping you?
Who's stopping you?
Who's stopping you?
(Ooo)
Who's stopping you?Pa ram, pa ram, pa ram

Pa ram, pa ram, pa ram
Pa ram, pa ram, pa ram
