Bobby Funk

Cable35

On which sphere am i ?
Its turning, its turning around
On which sphere am I ?
Its floating, its floating aroundOn which sphere am I ?
its burning and breaking down
Orange sphere in the sky
smoothly drilling my minddisconnected anyway
disconnected anyway
disconnectedBobby FunkOrange sphere in the sky
it;s breaking and breaking and breaking
Honestly I'll die, I need me to be slightly numbBite me when i'm blind
I'm hardly touching the ground
On which sphere am I ?
I'm feeling it raping my minddisconnected anyway
disconnected anyway
disconnected anywayBobby Funk! Bobby Funk! Bobby Funk!From the sweetest heart
From the sweetest heart
From the sweetest heart
From the sweetest heartThis is my rejection, I don't need protection
This is my rejection, I don't need protection
This is my rejection, I don't need protection
This is my rejection, I don't need noBobby Funk! Bobby Funk!
