

# Night Life

## Hushabye Baby

I was a young girl  
Knew next to nothing  
Living in the suburbs  
And my heart was lusting  
For a new way  
And a new sound  
Crawled over my hang-ups  
In the underground  
I had a break through  
I had to shake you  
You could've come too  
To see my point of view  
We got a breakthrough  
It was my debut  
It didn't faze you  
But it meant something to me  
Night life, beneath the surface  
Night life, some say it's worthless  
High life, instead of being  
Inside, it's a song you're singing  
Night life, if there's no spirit  
Night life, then don't go near it  
Night life, to have it over  
Inside, you can find your life in the night life  
If you are feeling  
Like you don't have nothing  
Under pressure in the cooker  
With your head in the oven  
There's a new way  
So come on down  
Life ain't never really over  
When you're underground  
You need a breakthrough  
You need to make do  
You need to come to  
A brand new point of view  
You need to break through  
And then get wise too  
Our love is taboo

And you'll be something to see  
Night life, beneath the surface  
Night life, some say it's worthless  
High life, instead of being  
Inside, it's a song you're singing  
Night life, it's a heart you're racing  
Night life, it's a billion daisies  
Night life, it's the cash your making  
Inside, you can find your life in the night life  
It's beneath the surface  
Some say it's worthless  
It's a low gut feeling  
It's the rush you're feeling  
You can beg your spirit  
If you let that leave it  
It's the back you're breaking  
Are you ready for the night life  
Night life, night life  
Night life, love life, inside  
Find your way to hide in the night life  
(Night life, night life, night life)  
You can find a life in the night life  
(Night life, love life, inside)  
Find your way to hide in the night life  
You can find a life in the night life
