

Going Home

[Sophie Zelmani](#)

Not very often have we met
But the musics been too bad
Can only sense happiness
If the music is sadSo Im going home
I must hurry home
Where a life goes onWere too old to make a mess
Dreams will keep me young
Old enough to stress
Only mirrors tell the timeSo Im going home
I must hurry home
So will my life go onYes, Im going home
Going home alone
And your life goes onSo Im going home
I must hurry home
So will my life go onYes, Im going home
Going home alone
And your life goes on
