

Walken

Elevaters

I'm walking all by myself
Well, I was talking
To myself about you
What am I gonna do?
I was singing this song about you
I was speaking about singing
 This song for you
 The more I think about it
 The more I know it's true
 The more I think about it
 The more I'm sure it's you
Honey, I think you're just right
 You're just right
 I was walking
 Like I said by myself
 I was talking

To myself about you
 Like I always do
 The more I think about it
 The more I know it's true
 The more I think about it
 The more I'm sure it's you
Honey, I think you're just right
 You're just right
 The more I think about it
 The more I know it's true
 The more I think about it
 The more I'm sure it's you
Honey, I think you're just right
 You're just right
