

All I Know (My Heart)

[Raheem DeVaughn](#)

I never meant to confuse you
I never meant to complicate your life
For loving matters of the heart
Being stuck in a triangle of emotion
It's one thing to want somebody (Versus)
Another thing to need somebody (Versus)
And another thing to love somebody
My situation is All I know is that I love ya
Love you like you love him
Like I've never loved another
That's all I know
It's kinda crazy that you love him
Love him like I love ya
I love you like I never loved nobody
And all I know My heart is chosen
My heart is choosing you
My heart is choosing, that's all I know
My heart is chosen
My heart is choosing you
My heart is choosing you
My heart is choosing
That's all I know That night we laid down as friends
We graduated to lovers
You changed my heart and ways forever
Now I'm stuck in this triangle of emotion
It was one thing to want somebody (Versus)
Another thing to need somebody (Versus)
And another thing to love somebody
And all I know All I know is that I love ya
Love you like you love him
Like I've never loved another
That's all I know
It's kinda crazy that you love him
Love him like I love ya
I love you like I never loved nobody
And all I know My heart is chosen
My heart is choosing you
My heart is choosing, that's all I know
My heart is chosen

My heart is choosing
My heart is choosing you
My heart is choosing
That's all I know Oh yeah
There's no turning back now that my heart has chosen you
Oh no, no no
And all I know is baby All I know is that I love ya
Love you like you love him
Like I've never loved another
It's kinda crazy that you love him
Love him like I love ya
I love you like I never loved nobody
And all I know My heart is chosen
My heart is choosing you
My heart is choosing, that's all I know
