

Gone Beyond

Bobby Birdman

Gone, gone, gone beyond
Hill the goer 'till he's done
Take me over, put me, understand me
Oh

Paid so dearly so it seems
What tomorrow night may bring
It'll make today so rightly be, oh

Shake me softly
Still so strong
Time is getting tired
Don't be long
Stay, be still
It can't be wrong
Days are getting shorter
Night belongs to me

Gone, gone, gone beyond
See the knower wave his wand
See the name and put me
Under spell
Oh dear

Whatever could it mean
That tomorrow night may be
What it takes today to rightly see oh

Shake me softly
Still be strong
Time is getting tired
Don't be long
Stay, be still
It can't be wrong
Days are getting shorter
Night belongs to me
