Hate Division

Nasum

Hate, division
Hate, divisionVictims of war, refugees from peace
The quest for reconciliation is in vain
A ruined land, a resisting population
Their future's crushed by false expectationsDivision
Division
Division
DivisionDivision
Division
Division
DivisionA valuable culture nearly eliminated
What was strong is now divided by hate
Armed revolution, massacre and slaughter
There's no solution in war, only sufferingDivision
Division
Division
DivisionDivision
Division
Division
Division
