Believe In Me

The Pierces

Hoo hoo hoo hoo

All I got to hold is a telephone
Feel the dead here
Rising from the dirty ground
Summer nights make you feel alone
Got â€˜em me some new kids in this town

Hoo hoo hoo hoo

Just when I was thinking Iâ€™ve been moving on
Laid my eyes on a baby with a broken heart
Said I think weâ€™re gonna get along
Said I wanna find out who you are

Hoo hoo hoo hoo

[Chorus]
Hey believe in me
â€™cause I believe in you
I need some company
What do you want to do?
Electricity, do you feel it too?
Hey believe in me
â€™cause I believe in you

Headâ€™s playing tricks â€™cause you feel like mine
Never been so easy with a girl like you
Wanna love you â€™cause you look so fine
Who knows maybe one day it could be true

Hoo hoo hoo hoo

[Chorus]
Hey believe in me
â€™cause I believe in you
I need some company
What do you want to do?
Electricity, do you feel it too?
Hey believe in me

â€™cause I believe in you

Listen to me baby
Lie awaken
Count all the things you make this crazy
Weâ€™ll never know know what could be
If we donâ€™t take this chance
Looking at me wanting just to touch you
Feel when Iâ€™m leaving. Read my mind
Fall asleep kiss, wake up making love
Itâ€™s so divine

[Chorus]
Hey believe in me
â€™cause I believe in you
I need some company
What do you want to do?
Electricity, do you feel it too?
Hey believe in me
â€™cause I believe in you

Hoo hoo hoo hoo
