Heartbeat (feat. EL)

Efya

Oh baby
Let me tell you how i feel come closer
Can you feel my heart beat
Oh baby let me put my hand in yours come
Closer can feel my heart beat

It is not, as this is playing in my heart
There is not i wouldnt do to make him love
And this no as u be my man and i would be
Ur girl there is nothing i wouldnt do to
Show this love is true...

If i had a song to sing to make mine for ever my baby i would sing this
Song for you and i go make u fall inlove with me over and over again
but it dnt really matter who is wanting cos am a waste for you noboby can replace the love we shared cos they dont understand
