# Give A Little Love

## M2m

Every time I think I've had enough of you
I take you back again
Not because I need a friend
Just because I can't pretend like the others do
You think you're really serious
Clever and mysterious
Talking like you're dangerous
Talking like a fool
Every day there's someone else
Who wants to get with me, I'm telling you
If you know what's good for you
Treat me like you used to do, love me like before
'Cos all I can do is watch and wonder
Where the boy I know has gone
You say that you want me
Well, it's time to tell your friends where they belong
You can find it in your heart
Give a little love, have a little faith in the two of us
You can find it in your soul
Give a little love, have a little faith in the two of us
'Cos all I can do is watch and wonder
Where the boy I know has gone
Little boy, I don't want anything to do with you
Get on your knees
I'm the one you have to please
Not the ones you want to be, I don't think you're cool
'Cos soon you can only watch and wonder
Where the girl you knew has gone
And then you will realize that
Everything you did to me was wrong
You can find it in your heart
Give a little love, have a little faith in the two of us
You can find it in your soul
Give a little love, have a little faith in the two of us
'Cos all you can do is watch and wonder
Where the girl you knew has gone
And do you really wanna lose a friend
You gotta understand or it has to end
'Cos I don't wanna wait for you anymore

Can't take it anymore
You can find it in your heart
Give a little love, have a little faith in the two of us
You can find it in your soul
Give a little love, have a little faith in the two of us
'Cos soon you can only watch and wonder
Where the boy I know has gone
You say that you want me
Well, it's time to tell your friends where they belong
You can find it in your heart
Give a little love, have a little faith in the two of us
You can find it in your soul
Give a little love, have a little faith in the two of us
Give a little love, have a little faith in the two of us
Give a little love, have a little faith in the two of us
