This Is the End

Straylight Run

I'm gonna hide out all night
Close my curtains
Dim my lights
I'm gonna lay here alone
Close my eyes
And wish for home
The last time that i saw you
This is the end of
This is the end of
The last time that i saw you
This is the end of
This is the end
Your face is surrounding me
It's the only face i wanna see
For now we're safe on the ground
We've got these words
These songs these sounds
The last time that i saw you
This is the end of
This is the end of
The last time that i saw you
This is the end of
This is the end
Oooh ooh ohoh ohoooh ooh ooh oooh
Last time that i saw you
This is the end of
This is the end of
Last time that i saw you (i'm gonna hide out all night)
This is the end of (close my curtains, dim my lights)
This the end of
Last time that i saw you (im gonna lay here along close my eyes and wish for home)
Last time that i saw you
Oooh oooh oh ohhh ooh
